
MOHAMMED RAHMAN

Toronto Canada | mir178@protonmail.com

Summary

I turn ambiguous, high-stakes problems into shipped product, fast. I break large, undefined work into the smallest things worth shipping, then test and iterate in market. Principal PM, 15 years in fintech and heavily-regulated domains. 0→1 launches, two-sided marketplaces, and an experimentation-first approach. Operator background - ran a P&L and an 80-person org before product.

I drive growth innovation. Winner of Intuit's 2023 Scott Cook Innovation Award.

Experience

Principal Product Manager Intuit	08/2022 to Current Toronto, Canada
--	---

- Launched TurboTax Business (0→1, corporate tax filing) - no playbook; decomposed into shippable increments. Beat quarterly target ~2x, on time.
- Unified TurboTax Live Full Service, reducing tech duplication by 60% and accelerating process from 21 days to hours, achieving record recommendation score of 84.
- Scaled 50-customer test to baseline for ~500K customers, earning Scott Cook Innovation Award (Intuit's top company-wide honor).
- Led experimentation for TurboTax Live Canada, conducting monthly experiments across full ladder (prototype → smoke test → A/B → pilot), increasing experiments by 2.5x.

Senior Product Manager Intuit	08/2020 to 08/2022 Toronto, Canada
---	---

- Developed two-sided consumer ↔ expert platform, coordinating efforts across 10+ scrum teams.
- Delivered rapid iterations in heavily regulated industry, ensuring compliance while addressing market needs.
- Established full service tax prep, achieving +50% SLA and 3x recommendation score YoY, setting company standard at launch.

Product Manager Intuit	04/2019 to 08/2020 Toronto, Canada
----------------------------------	---

- Transitioned 300 tax experts to Intuit's central platform, improving operational consistency by replacing Salesforce.
- Led cross-functional teams to develop innovative product strategies.
- Collaborated with engineering to define product requirements and specifications.
- Conducted market research to identify customer needs and trends.

Operations Manager Intuit	05/2017 to 04/2019 Toronto, Canada
-------------------------------------	---

- Managed 80 experts through 5 supervisors, creating an end-to-end customer journey across product, design, and operations.

- Achieved service levels of 95-97% and maintained record profitability at 108% of target YoY while launching 2 new in-season services.
- Managed daily operations to enhance efficiency and streamline processes.
- Led cross-functional teams to implement strategic initiatives and achieve operational goals.
- Developed and maintained relationships with vendors and suppliers for optimal service.

Operations Manager

09/2011 to 04/2017

Intuit

Toronto, Canada

- Built 60-person team in 90 days for new Free Tax Advice initiative, overseeing training, onboarding, and coaching.
- Achieved 90% retention rate year-over-year through implementation of targeted customer engagement strategies.
- Streamlined operational processes to enhance service delivery efficiency.
- Managed team performance through regular training and development sessions.
- Collaborated with cross-functional teams to optimize resource allocation.

Branch Manager

09/2009 to 09/2011

H&R Block

Toronto, Canada

- Led 2 Toronto branches and an 8-person team, achieving sales targets and earning Best Performer's Award.
- Managed daily operations of tax preparation and client services.
- Led team of tax professionals to ensure compliance with regulations.
- Trained staff on software systems and tax filing procedures.
